

GREAT BRITAIN HORROR-STRICKEN

Admiralty Offices in London Besieged by Anxious People

PLANS PROTECTION

Maiming of Women and Children on Passenger Steamships Causes Great Indignation.

London, March 29.—England's horror over the torpedoing of the steamer *Falaba* and *Agulha*, with a loss of life now estimated at 144 gave way today to grave concern for the safety of other big passenger carrying liners about to enter the German war zone.

Representatives of big shipping companies besieged the admiralty offices early today. They were assured that most drastic precautions had been taken to protect trans-Atlantic liners from New York from submarine attacks during their passage through the Irish Sea.

All night crowds thronged about the offices of the Elder line here, inquiring for relatives aboard the liner *Falaba*. Early today officers of the Elder line admitted they had practically abandoned hope for 110 passengers and crew of the *Falaba* still missing.

Trawlers, raking the water of the southern coast of Wales today reported sighting a number of bodies. Reports from Fishguard regarding the exact loss of life aboard the *Agulha* are still contradictory, but the admiralty reports twenty three of the *Agulha's* crew and three passengers missing.

The London press expresses the horror of the nation over the sinking of the *Falaba* and the *Agulha*, with heavy loss of life to non-combatants. Particularly they dwell upon the maiming of women passengers by gunfire.

Between the lines was conveyed the warning that now that a big passenger carrying steamer actually had been sunk by a German torpedo, other liners may expect to meet the same fate.

CLAIMS GAINS IN BALTIC

German Submarines Suffered Severely and Transports Were Sunk

Petrograd, March 30.—Severe losses have been inflicted upon the German naval units in the Baltic Sea by the Russians, according to a semi-official review of the operations there made public Sunday night.

German submarines are said to have suffered considerably, while a number of transports loaded with supplies have been destroyed.

London, March 30.—Reuter's correspondent at Petrograd telegraphs that the Russian fleet in the Baltic has been reinforced by the addition of modern fighting units.

This addition to the fleet is believed in London to consist of four dreadnaughts laid down in Russian yards in 1909 which were nearing completion at the beginning of the war. It may also include another division of four capital ships laid down in 1912.

British naval experts said they would not be surprised to learn that with the assistance of the Allies in material and men Russia had been able to complete these eight dreadnaughts.

The first four mount 12 12 inch guns each. The second division is armed with nine 14 inches each.

NEWS OF THE DAY

Dr. Charles R. Henderson, professor of sociology in the University of Chicago, died yesterday in Charleston, S. C., after a short illness.

"Tipperary" is now quite out of date. The boys in the trenches in the western war zone don't sing it as they did at first. Instead they're singing "Dolly Gray," which the American soldiers sang in the Spanish war. "John Brown's Body" and even "Dixie."

George W. Folsom, of New York, Boston, and Lenox, Mass., author, art connoisseur, and a prominent member of the Episcopal diocese of Boston, died suddenly at the Shoreham, Washington, yesterday morning.

According to the Rome correspondent of the *Petit Parisien*, Austria, has definitely agreed to cede part of the province of Trent to Italy as the price of continued Italian neutrality. It is understood that the Italian government has not yet replied to the proposal.

"Baby canteens" for the quick relief of the thousands of babies being born in Belgium are being established in all provinces. According to statistics which have been compiled, 85,000 babies have been born in Belgium since the start of the war, and these births have been under conditions which have caused a frightful mortality to mothers and offspring.

The concentration of picked Chinese troops around Peking has been practically completed. A hundred thousand men with artillery reserves are now distributed along the railways and the roads to Peking are completely barred. The government, dissatisfied with Japan's reply concerning the increase in Japanese garrisons in China, has sent a note to the mikado's emissaries. It contents were not revealed.

LIVES LOST BY SUBMARINES.

One Hundred And Thirty-Eight Perish for Want of Time to Leave Ship.

London, March 30.—Approximately 138 lives were lost in the sinking by German submarines of the African liner *Falaba* and the British steamer *Agulha*, bound from Liverpool for Lisbon.

The captain of the *Falaba*, who was one of those lost, was given five minutes to get his passengers and crew into the boats, but, according to the survivors, before this was possible a torpedo was fired, striking the engine room and causing a terrible explosion. Many persons were killed, and the steamer sunk in ten minutes.

Capt. Wright of a trawler who aided in picking up survivors, confirms the story of the latter that the submarine crew made no attempt to rescue the men struggling in the water. He declared emphatically that the Germans laughed and jeered at them in their fight for life. The skipper states that he labored for two and a half hours rescuing those swimming about, and altogether was able to pick up 116. The submarine, he said, stood by while the liner sank and then headed southward.

Amsterdam, March 30.—It is understood that the German admiralty shortly will issue an order to submarines to sink all British merchantmen without warning. The reason to be assigned is that merchantmen are being armed and are firing on German submarines and therefore must be considered as warships.

HUNG JURY IN \$10,000 CASE.

New York, March 30.—The jury which heard the \$10,000 damage action of Miss Genevieve La Croix, formerly employed in a Washington hotel, against Gifford Horton, a wealthy young cigarette manufacturer, yesterday informed Justice Whitaker that there was no possibility of an agreement. The jury was discharged and the case will be tried again.

Miss La Croix testified that Horton had attacked her in her apartment here, pushed a pillow over her face and kicked her with his knees, breaking one of her ribs. He says they "had a little rough house" in fun and that he didn't seem to hurt her.

WILL PROBABLY INTERN STEAMER

Covers Taken Off Guns of German Converted Cruiser Eitel

TIME IS UP TONIGHT

Battleship Alabama Will See Anglo-French Squadron Does Not Violate Neutrality Laws

Newport News, March 30.—Their covers had been removed today from all guns on the German converted cruiser Prinz Eitel Friedrich in port here.

This was taken as indicating the vessel's armament would be removed and it would intern. The period allowed for it to do so or sail was reported to expire tonight.

The American battleship *Alabama* arrived off the Virginia capes at 5 p. m.

Washington, March 30.—While every precaution is being taken to guard against possible violations of American neutrality in the event of a dash for sea through the Virginia Capes by the German commerce raider Prinz Eitel Friedrich, naval officers here are almost a unit in the belief that the Eitel will cruise no more until the war is over.

They think Commander Thierchen is enjoying the trouble to which he has put the British and French cruisers patrolling the Virginia coast, and is merely awaiting the expiration of the time limit given him for repairs before permitting the collector of customs at Newport News to intern his ship for the war.

Sir Cecil Spring Rice, the British Ambassador, called at the Navy Department yesterday and had a talk with Rear Admiral Fiske, aide for operations. It is understood he gave assurance that the warships of the allies waiting for the Eitel would not come within the three-mile limit or do anything else in violation of neutrality.

It was learned yesterday that the British Government had made representations to the State Department in regard to the Eitel, taking the ground that in allowing the ship to dock clean and be painted the port authorities at Newport News had not observed The Hague treaty stipulations against increasing the naval strength of the ship under circumstances. Department officials, however, do not accept this view.

DIVORCES LIEUT. TURNBULL.

Naval Officer's Wife Gets Decree in Philadelphia.

Philadelphia, March 30.—Mrs. Deborah Halsey Turnbull, known socially in this city, Newport, New York and Washington, was granted a divorce yesterday from Lieut. Archibald Douglas Turnbull, of the United States Navy, in court of Common Pleas, No. 1. Suit was instituted some time ago on the ground of desertion. The couple have one child.

The marriage of Lieutenant Turnbull to Miss Halsey was performed by Henry Howard Clark, a chaplain of the navy, on October 9, 1907, at the Marlborough Apartment House in Washington. They resided in the capital until a short time before the suit was brought.

DEATH NOTICE.

DIED—At his residence, 510 north Washington street, March 29th, ROBERT LEE MONROE son of John H. and Elizabeth Harrison Monroe. Funeral from his residence, Wednesday, March 31st, at 3 o'clock p. m. Friends and acquaintances are invited.

SUNKEN SUBMARINE.

F-4 Moved Three Hundred Feet Near Shore at Honolulu.

Washington, March 30.—Secretary of the Navy Daniels announced today that he had received a telegram from Read Admiral Moore, commandant at Honolulu, saying that at 3 a. m. Commander Smith, of the first submarine division, succeeded in moving the submarine F-4, 340 feet nearer the shore.

No further details are given in the dispatch. It is not stated in which depth the submarine now is and what the outlook for moving her further into shallow water.

Doubt is increasing in Washington whether the F-4 will ever be raised to the surface. It is feared that it may be found impossible to recover her, and that the vessel and the brave men who composed her crew may have the ocean for their grave.

Honolulu, March 30.—Although five days have elapsed since the submarine F-4 plunged to her grave on the coral rocks with her crew of 21, little progress toward raising the ill-fated vessel has been made.

With all hope of saving lives abandoned, Admiral Moore admitted today that it might be several days before the submarine can be raised so far enough to permit search by divers for the bodies of the victims.

The submarine is believed to be tilted on the ocean floor at a sharp angle in from 43 to 60 fathoms, about 200 yards from Honolulu light, just outside the harbor.

Because of her slanting position, the wrecking crews are having great difficulty in preparing a cradle of wire hawsers to hold without slipping.

TAKING ON MEN

Richmond Locomotive Works Will Manufacture Shrapnel for English Army.

Richmond, March 30.—Skilled mechanics are being quietly hired by the Richmond branch of the American Locomotive Company, and the huge plant, which has been practically idle for the past year, will be in blast within three weeks. Officers of the company refuse to discuss the matter, but it is almost a certainty that the work will shortly begin the manufacture of shrapnel for the English government. From well authenticated sources it was learned last night that machinery for this purpose has been ordered, and is now en route. Only its installation prevents the opening of the plant at once.

Men are not being taken on promiscuously by the local branch, but only picked former employees are being asked to come back. It is understood that slightly more than 700 in all will be hired, and that the initial order of war munitions will carry them on the pay roll nearly seven months.

WIFE GONE; SEEKS DEATH.

Deputy Sheriff Gray Takes Poison at Rockville—Condition Believed Critical.

Rockville, Md., March 30.—Worried over the disappearance of his wife, Emma Gray, who left her home ten days ago, and whose whereabouts has since been a mystery, Charles R. Gray, of Germantown, for a number of years a deputy sheriff, for this county, attempted suicide here yesterday by drinking carbolic acid. He is now in a serious condition in a Washington hospital.

Gray's wife disappeared on March 17. She and her husband spent the previous night at the home of friends near Rockville, and the following morning Gray came to Rockville the understanding being that his wife was to follow later in the day. Shortly after noon Mrs. Gray left ostensibly to come to Rockville, but instead she took a car for Washington.

Since his wife left Gray has been much depressed. He declared he knew of no reason why his wife should have deserted him, as their home life had been happy. The couple have a son 15 years old.

RAILROAD ASKS FOR RECEIVERS

Georgia and Florida Road Places Blame on Leaders of Unions

NOT TO BE SATISFIED

Alleged Extortionate Exactions of Brotherhoods Cause of Failure of The Company.

Augusta, Ga., March 30.—W. R. Sullivan and H. R. Warfield, of New York, and J. M. Wilkinson, of Valdosta, Ga., yesterday were appointed receivers of the Georgia and Florida Railway, which has its general offices here. Application for the appointment of receivers was made jointly by the Baltimore Trust Company and officials of the road before Superior Court Judge Hammond. It was stated that the trust company holds a mortgage deed of trust from the railroad to secure an authorized issue of \$12,000,000 fifty years, 5 per cent gold bonds, of which \$6,500,000 already had been issued. The petition further stated that the railroad had not paid interest on these bonds since May, 1913, and that it owed, in addition, a number of extensive obligations which it now is unable to meet. The action is described as friendly.

Baltimore, Md., March 30.—R. Lancaster Williams, president of the Georgia and Florida Railway, issued a statement. Among other things he says: A short while prior to my election as president, and at a very critical time in the company's development there was a disastrous strike which completely tied up the road, and, although the property has never recovered from that trouble, there has hardly been a month, up to the present time, when there have not been before officers of the company burdensome labor problems and demands for increase in wages and exactions of one sort or another. The public does not realize to what extent the railroads have to submit to the dictates of the Brotherhoods of Engineers and Firemen. All ready the highest paid skilled labor, they are never satisfied. There are instances on the Georgia and Florida where engineers have earned 40 to 50 per cent more per month than the superintendent to whom they reported. Some day there will have to be a reckoning with organized labor or rather with the leaders responsible for the conditions such as I have described, and when that day comes the public must either demand fair play for the railroads or share in the chaos which must come from that source. Every man should be paid a reasonable wage, but there is a limit to what a railroad can pay and remain solvent, and this limit is not far off with many of the railroads of the country.

BELGIAN FARMERS COMING

Those In First Group To Settle In Southern States

Rotterdam reports the sailing for America of another group of Belgian farmers, who will settle somewhere in our Southern States. This migratory movement has so interested the people of Holland that special delegates are coming to investigate and report to them upon the prospects for Dutch farmers who might be disposed to follow the Belgians. So far as we are concerned we might well look with favor upon such immigration. The movement from the country to the city in this country has resulted in rising food prices and has created openings for diligent and skilled farmers. Certainly Belgians will be welcome because it is impossible that unfortunate nation shall be supported indefinitely by appeals to the charity of the world. Of course, they are ready to do all they can to support themselves, but they lack the opportunity. The encouragement of Belgian farmers to establish themselves here is one way out of the difficulty.

TREASURERS MUST EXPLAIN

Alleged Shortages of Officials in Certain Counties of State

ACCOUNTANT AT WORK

Official Declines to Discuss Reports Before Placing Statements Before Governor Stuart.

Richmond, March 30.—State Accountant W. Frank Smyth, it is learned from authoritative sources has been busily engaged recently looking into the accounts of county officials in several parts of the state where conditions almost as serious as the tangle in the accounts of Treasurer J. B. Bradley, of Washington County, have been found by Mr. Smyth.

The accountant declined to discuss the reported sensational discoveries made by him when he returned to his office yesterday, after an absence of some days. He admitted, however, that irregularities of a grave character had been disclosed by examinations of the books of certain counties, but refused to specify.

"My reports are necessarily official," is the explanation the accountant gave for his reticence, "and must be made first to the Governor and the Auditing Committee of the General Assembly. I am, therefore not at liberty at this time to discuss the rumored delinquencies of public officers."

Mr. Smyth is said to have spent several days in Bedford City last week.

According to the current rumor, the State Accountant has found in other counties accounts as badly involved as those of Treasurer Bradley of Washington County. In some instances the failure of officers to make a proper accounting of public funds is said to be due to negligence on the part of the Board of Supervisors, who either failed to keep a check on the books of such officers or condoned their dilatory settlements.

Asked concerning the case of the Washington County treasurer, state Accountant Smyth said that the shortage under investigation is confined to county funds, but on June 1, treasurer Bradley will have to account to the State Auditor for about \$1,000 in State licenses, and the last report from Washington County showed that the treasurer had no funds in bank. Payment of this \$1,000, however, will square the accounts of the Washington County treasurer with the Auditor's office to June 1.

The trust company that supplied Bradley's bond had its expert accountants on the treasurer's books last week. They completed their work last Saturday. The exact amount of the alleged shortage is not known, but it is said to approximate \$60,000.

BAN ON DRINK IS URGED

British Shipbuilders Declare Prohibition Necessary To Meet Nation's Requirements

London, March 30.—A deputation of the Shipbuilders' Employers' Federation, conferring yesterday with David Lloyd George, the British Chancellor of the Exchequer, was unanimous in urging, in order to meet the national requirements at the present time, that there should be a total prohibition during the period of the war of the sale of intoxicants.

Mr. Lloyd George, replying to the deputation, said he had a growing conviction that nothing but root and branch methods would be of the slightest avail.

"We are fighting Germany, Austria and drink," he said, "and so far as I can see, the greatest of these deadly foes is drink." The Chancellor promised to lay the views of the deputation before the members of the Cabinet.

WITNESS INSTALLATION.

Delegations From Washington Visit
Martha Washington Chapter.

A large number of members of chapters of the Eastern Star from the District of Columbia, Clarendon and Ballston, visited Alexandria last night and witnessed the installation of officers of Martha Washington Chapter, No. 42. The installation ceremonies were conducted by Mrs. Mary E. Teachum, of Washington, worthy grand electress of the District of Columbia. The retiring worthy matron, Mrs. F. J. Paff, was presented with a gold jewel, the presentation speech being made by Henry K. Field, grand worthy patron of the grand chapter of Virginia.

SUDDEN DEATH.

Mrs. Lydia A. Pfeil, 45 years old, wife of Charles Pfeil, of Colonial Beach, Va., died yesterday afternoon at the residence of Mr. and Mrs. Joseph B. Drew, 109 south Pitt St., after a brief illness. Mrs. Pfeil was brought to Alexandria about a week ago for an operation, but her condition grew rapidly worse after her arrival and it was impossible to remove her to the hospital. Her funeral will take place from Wheatley's undertaking establishment at 8:30 o'clock tomorrow morning, followed by services in St. Mary's Catholic Church at 9 o'clock.

"AS YE SOW" AT SURPRISE.

In "As Ye Sow," tomorrow William A. Brady's daughter Alice, has the part of Dora Leland, the suffering heroine of the drama. Miss Brady is one of the daintiest actresses that the younger generation of American players can boast of. She appears in the film play based on the Rev. John Snyder's drama "As Ye Sow." This marks Miss Brady's debut as a photoplay actress and she is, as a result of her experiences, most enthusiastic regarding working before the camera.

Choosing Alexandria as the place for holding its next meeting, the 131st session of the Baltimore annual conference of the Methodist Episcopal Church South adjourned early yesterday afternoon. Mount Vernon Place Methodist Church, Washington, where the sessions of the conference were held, was crowded with delegates and interested church workers up to the hour of adjournment. The closing minutes of the conference were filled with incidents which thrilled the members. The singing of the doxology by the immense crowd, followed by the benediction pronounced by Bishop Candler in his clear strong voice, made a lasting impression.

The Rev. Harry M. Carter, at one time pastor of the M. E. Church South in Alexandria, was made a presiding elder, and assumes charge of the Washington district, succeeding the Rev. E. V. Regester, who resigned on account of ill health.

The Rev. Mr. Carter will make his home in Washington, and will leave early today for his home in Harrisonburg, Va., to close his pastorate there. In addition to his duties as presiding elder, Mr. Carter was made secretary of the conference.

Three bishops occupied the rostrum for the closing session—Bishop Warren Candler, who presided at most of the sessions of the conference, Bishop A. E. Wilson and Bishop Hoss.

There were no changes in the Alexandria district. Rev. D. H. Kern is presiding elder, and Rev. Dr. J. W. Duffey was reassigned to the M. E. Church in this city.

SENSATIONAL BALL GAME.

Alexandria High School Defeats Western High School in Ninth.

The Alexandria High School defeated the Western High School of Washington yesterday in a sensational game. In one of the prettiest rallies ever seen the local diamond, the Alexandria boys overcame a 8 run lead and won the game in the ninth by a score of 10 to 9.

"Lefty" Gaines started for the locals and was given such poor support that Western got a five run lead in the first. In the next two innings the lead was increased to 8 and Alexandria came to the bat in the fourth with the score standing 8 to 0 against them. Then things happened. The Alexandrians began to climb and their fielding became flawless: from then on Coach Moise yanked Quinn and substituted Forsythe and Gaines gave way to Haynes. The latter was in good shape and by the eighth Western was cut down to a one run lead, the score standing 8 to 8.

Haynes held his opponents safe for the first half of the ninth and then Alexandria came to the bat needing one run to tie and two to win. Poss doubled to right, Barnett singled to left, holding Poss at third. Schaefer met the first ball pitched for a hard drive to left and Poss scored. Barnett was caught at the plate and the catcher whipped the ball to center in an attempt to catch Schaefer at second. The latter scored the winning tally.

DEATH OF FORMER RESIDENT.

Deceased Was Formerly Miss Nash, of Alexandria.

Mrs. Effie Regina Piper, wife of William Francis Piper, foreman of Mifflin Shops, Mifflin, Pennsylvania, Virginia, May 6th, 1879, and was nearly thirty-six years old at the time of her death. She was married October 20th, 1909, in Alexandria, to William Francis Piper, who survives with two children, William Francis, Jr., and Kathryn Regina; also one nephew, James Nash, who has resided with his aunt most of his life.

Mrs. Piper was a devout christian woman and was a devout member of the Catholic Church; but formerly of No. 509 Willow Avenue, Altoona, Pa., died at her home at five o'clock Sunday evening after a lingering illness of over one year. Mrs. Piper was born in Alexandria, being a member of St. John's Church in Altoona while living there. Mrs. Piper is also survived by two sisters and two brothers—Mrs. Mamie Entwistle, of Lovington, Virginia, who was at the bedside of her sister at the time of her death; Mrs. Jennie M. Swann, of Long Island, N. Y.; Mr. William K. Nash, and Mr. Guy Nash, both of Alexandria. The remains were brought to Altoona for interment in Calvary Cemetery.

There was no joint session of the City Council last night, as had been anticipated, in consequence of the sudden death of Robert L. Monroe, member of the lower board from the Third ward, nor was there a meeting of the Police Commissioners and committee on police, as had been planned. The Board of Aldermen disposed of three ordinances and a resolution which had been laid over at previous meetings. They were as follows: An ordinance to repeal a former ordinance providing for negotiating a loan of \$50,000 and the adoption of a substitute measure. These ordinances will be found in full elsewhere in the Gazette. Also a resolution appropriating \$35,000 with which to begin the erection of a school building at the northwest corner of Cameron and West streets. Also an ordinance providing for the inspection and measurement of lumber sold in this city. Aldermen Wilkins called attention to the fact that a resolution providing for placing the names of streets at the different corners in the city, referred to the committee on streets a long time ago, had not been reported. Mr. Wilkins contemplates introducing a new measure looking to that end in the near future. Should the committee further delay reporting on the resolution.

The Common Council adopted resolutions of respect to the memory of the late Robert L. Monroe, and a joint session of the two boards will be held tomorrow afternoon at 2:30 o'clock for the purpose of attending the funeral.

Another meeting of Council will be held tonight at which there will be a joint session for the purpose of hearing reports from the lawyers who represented the city in the recent annexation proceedings. The Mayor, members of the Police Board, School Trustees and other city officials will be present to consider the problems in reference to annexation of territory adjoining this city.

SEARCH RENEWED.

Father And Friends of Ralph Johnston Looking for Missing Youth.

Renewed search for Ralph Johnston, who mysteriously disappeared on last Christmas Eve, has been commenced by the father and friends of the young man. During the last few days a large number of places on the flats above Hunting Creek, near where the boy was last seen, have been dug up in the hope of uncovering his body. The father is convinced that his son was murdered and his body hidden. It was at first thought that the body had been thrown in Hunting Creek, but as the months have passed and the body has not risen to the surface, this theory has been given up. The police of Alexandria have given active aid in the search by investigating all wells and pits in the southwestern portion of the city.

OLIVET TO CALVARY TONIGHT.

A large congregation is expected to attend the service this evening at 8 o'clock at St. Paul's Church, when the choir will render Maunder's "Olivet to Calvary." It is three years since this beautiful sacred cantata has been sung at St. Paul's Church. The soloists will be as announced in the Gazette Saturday evening last. The offertory will be for the choir fund. A cordial invitation is extended to all to attend this service.

Modart Corsets

The Modart is a superior front-lacing Corset which has rapidly grown in the favor of women who have tried it, and who appreciate the peculiar advantage of the front-lace style.

Modart materials are carefully selected the boning is waterproofed, and will not rust. They are superior in construction.

Modart styles are absolutely new and correct, the lines are accurate and beautiful. Easy of adjustment and comfortable and dependable in wear and service.

You may select Modart Corsets in coutils or broches, in white or pink and you will find variety enough in the models to suit practically every figure requirement.

ADDING TO THE HORRORS OF WAR.

According to a dispatch from Amsterdam, the German Admiralty is about to issue an order to submarines to sink all British merchantmen without warning. The reason assigned for this drastic action is that merchantmen are being armed and are firing on German submarines, and therefore must be regarded as warships.

According to today's dispatches, it looks as though Germany is already acting upon this mode of warfare. Two British passenger ships were sunk last Sunday morning and one hundred and thirty-six persons drowned, who, according to the stories of survivors and crews of trawlers, were not allowed time to leave the ill-fated ships. They had been allowed five minutes in which to disembark and before the crews and passengers could leave their doomed vessels the deadly torpedoes were discharged, causing explosions which killed many, crippled others and precipitated those who had escaped injury into the water.

We prefer to wait and hear Germany's version of the procedures off the coast of Ireland last Sunday morning. It is hard to believe that the Teutons, exasperated as they are at the miscarriage of their dreams, can be so inhuman as to sink merchant ships before the crews or passengers can disembark.

SHOULD ENFORCE PRESENT LAWS.

The Hanover Progress says: "Every few years we have great political fights and issues are drawn as to the advisability of putting this, that or the other law on the statute books of our State. Men are elected to the Legislature on these issues and many are called reformers. As a rule, they enact good laws, but the good laws do little good. The reason is the fact that no law can be enforced unless public opinion is behind it. It is not the law, but the public opinion that makes a law effective. If the public opinion is against a law, it will be made a more strict enforcement of the laws it would be much better than making so many new laws. Instead of that they elect a few officers, many of whom are incompetent to enforce the laws. Even if they are so fortunate as to have good officers, they can do little without the assistance of the citizens of the community."

"There has been this lack of interest in our community for several years and the murder of a few weeks ago can be traced to that source. The murder was one of that class of indolent negroes who live around the Ashland and engage in the liquor business. This class violates the law, too, by carrying pistols. These evils could be eliminated if the citizens would organize against them."

NO "CUSSING" BY WIRELESS Radio Operators Cautioned Not to Send "Bad" Words.

Washington, March 20.—Uncle Sam has taken steps to prevent the air from being polluted with profane and indecent language, just as such matters are prohibited from going through the mails. An order has been issued forbidding radio operators from sending profane messages to each other.

Available at a commercial station in Massachusetts brought about the order. An operator sent a message which checked the inspector at the government station at Boston. The inspector reported the matter to the Washington authorities, who sent a demand to the offending operator. The letters were used by the operator to spell the objectionable word. He was informed that he might lose his license if he sent any more "bad" words through the air.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years

Standing, Relieved by Cardui.

Mr. Airy, N. C.—Mrs. Sarah M. Chap-
pell of this town, has suffered for
five years with extremely painful, dry
stomach trouble, and my punishment
was more than any one could tell.

I tried every kind of medicine,
but none did me any good.

I read one day about Cardui, the wo-
man's tonic, and I decided to try it. I
had not taken but about six bottles until
I was almost cured. It did me more
good than all the other medicines I had
tried, put together.

My friends began asking me why I
looked so well, and I told them about
Cardui. Several are now taking it.

Do you, dear reader, suffer from any
of the ailments due to womanly trouble,
such as headache, backache, sideache,
sleeplessness, and that everlastingly tired
feeling?

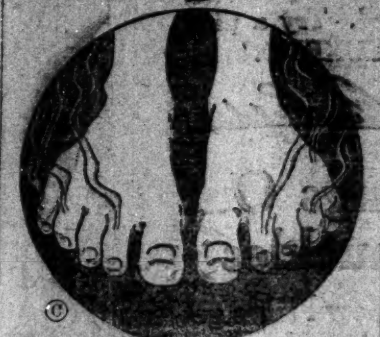

If so, let us urge you to give Cardui a
trial. We feel confident it will help you,
just as it has a million other women in
the past half century.

Begin taking Cardui to-day. You
won't regret it. All druggists.

you, especially if you have tried
everything else for corns. Two drops
applied in a few seconds—that's all.
The corn shrivels, then comes right
off, painlessly, without fussing or
trouble. If you have ever made a fat
bundle out of your toe with bandages
used thick, corn pressing cotton
rings; corn pulling slyes; corn
teasing plasters—well, you'll appre-
ciate the difference when you use
"GETS-IT." Your corn agony is over.
Cutting and gouging with knives,

Many Recoveries From Lung Trouble

Eckman's Alternative has restored
to health many sufferers from lung
trouble. Read what it did in this
case:

"Gentlemen—In January, 1908, I
was taken with hemorrhages of the
lungs. My physician, a leading prac-
titioner, said that it was lung
trouble. I got very weak. C. A.
Alpinecott, of Lippincott's Depart-
ment Store, Washington, Del.,
recommended Eckman's Alternative.
I began taking it at once. I continued faith-
fully, using no other remedy, and
finally noticed the clearing of the
lungs. I now have no trouble with
my lungs. I really believe Eckman's
Alternative saved my life." (Abbrevi-

DIVIDED FREIGHT TRAIN.

Ex-Railroader Adopted a Unique Plan to Get to his Warm Fireside.

Staunton, Va., March 30.—The Circuit Court here is occupied with a unique case, John Stayles, a county man, being charged with feloniously uncoupling a freight train and endangering the lives of many people. Evidence introduced showed that Stayles one day last December was driving to his home in the mountains with his wife and several children, one a month old baby, and that a long freight train blocked a crossing.

The temperature was below zero, and there being no indication that the freight would move any time soon Stayles took the initiative and signalled the engineer for slack, being an old railroad man. He then uncoupled the cars which blocked the road and signalled forward, and in this manner got his freezing family to a warm fireside at home. Eleven cars were left on the track, and the freight having pulled out, number four, an express, was in danger, but a brakeman who was left in the caboose signalled the passenger train and averted a wreck.

Stayles was sentenced to one minute in jail and fined \$100 Wednesday, but a motion has been made to set the verdict aside.

DR. EGGLESTON RESIGNS.

Virginia Education Board Holds He Was Not a Member.

Richmond, Va., March 30.—When the State Board of Education met yesterday to consider State text-book contracts the members were thrown into a hubbub when a letter bearing the resignation of Dr. J. D. Eggleston, Jr., president of Virginia Polytechnic Institute, was read. Dr. Eggleston was elected on the board by the last General Assembly, but failed to qualify. The question was asked whether he could resign from a position to which he had not qualified, and a further point was made that the resignation should have gone to the General Assembly, which elected him, and not the board.

Attorney-General Pollard and Governor Stuart conferred and later the Attorney-General rendered an opinion that Dr. J. L. Jaman, of Farmville, whom Dr. Eggleston was appointed to succeed, and not Dr. Eggleston was a member of the body.

When Cornelius Valkhoff went out to his rabbit hutch Sunday at Los Angeles, Cal., to procure a hare for a birthday dinner he stepped into a puddle as he touched the latch of the hutch gate and fell dead. A broken electric cable had turned its 2,200 volt current into the wire fence surrounding the hutch. Mrs. Valkhoff saw her husband fall and rushed to his aid. She fell dead across his body. Harris Skinner next invaded the fatal short circuit, bent on rendering aid and he, too, fell dead. Three others were injured in an effort to recover the bodies.
